

## CMEPALOOZA PURSUIT (THE 80s) CLUES

### Entertainment

#### Daiichi Sankyo

In the *Mission Impossible* series, messages to Ethan Hunt would typically self-destruct in 5 seconds. While it may take longer than that, how long will it take, at most, after a successful submission through the Daiichi Sankyo grant portal to receive confirmation along with an identification number?

#### Global Learning Collaborative

The all-female cast of the *Golden Girls* would have loved Global Learning Collaborative, which includes one company focused exclusively on women's health. Name the company.

#### CMEology

What celebrity actress who bears a striking resemblance to *Beverly Hills 90210* star Jennie Garth is featured in a recent CMEology program focused on acute lymphoblastic leukemia?

#### Paradigm Medical Communications

The headquarters of Paradigm Medical Communications is a short 30-minute drive from the Peekskill, NY, home where Natalie, Jo, Blair, and Tootie grew up in *The Facts of Life*. What is the name of this town where Paradigm is based?

### In the News

#### Med Learning Group

Personal computers thrived in the 1980s, seemingly appearing in households everywhere overnight (I miss my Commodore 64). Med Learning Group likes to "THRIVE" as well, with a unique dermatology portal that focuses on new information specific to what two conditions?

#### Healio CME

If you ask Healio AI, "What were the big medical advances in the news in the 1980s?" what will it tell you were **two** of the primary advances in cardiology?

#### Copient.ai

On Feb. 28, 1983, an astounding 60.2% of all American households with televisions watched the final episode of MASH. According to Copient.ai, as much as what equally astounding percentage of learning and development content is forgotten without reinforcement?

#### Partners for Advancing Clinical Education

In the '80s, First Lady Nancy Reagan taught us all to "Just say no." But Partners for Advancing Clinical Education invites you to just say yes to teaming up with them to offer accreditation to one of the 11 medical professionals they cover. Two of those professions start with the letter D. Name them.

## Personalities

### Academic CME

1988 was a busy year for Michael Jackson, with his Bad tour sold out around the globe and multiple number one hits, including Man in the Mirror and Dirty Diana. According to Academic CME, 2025 was a (Busy!) year in this topic, covered in a series of tweetorials.

### Medlive

Which member of Medlive's advisory board shares a first name with the teen pop diva of the '80s who released songs such as *I Think We're Alone Now* and *Could've Been* that remain at the top of Derek's Spotify playlist?

### Educational Awareness Solutions

In a scientifically rigorous survey of dozens of academic scholars, Pee Wee Herman was selected as the most influential personality of the 1980s (just kidding). According to the Educational Awareness Solutions website, a (hopefully) more robust survey of more than 1,300 healthcare providers indicated that which modality was the most effective method of CME/CE learning?

### PeerView Institute for Medical Education

On September 25, 1981, Sandra Day O'Connor became the first female Supreme Court justice in the United States. Exactly 44 years later (so September 25, 2025), PeerView Institute for Medical Education launched what educational program?

## Sports & Leisure

### Bristol Myers Squibb

Carl Lewis dominated the 1984 Olympics, winning four Gold medals. Bristol Myers Squibb funding may be used for buffet meals only at events with at least this many attendees (hint: it's the same number as the distance in meters that Carl ran to win one of his golds)

### Pri-Med

Miami Dolphins quarterback Dan Marino is one of the greatest NFL players to never win a Super Bowl. His uniform number is the same as the number of courses currently offered on Pri-Med's website to satisfy Drug Enforcement Administration CME/CE opioid educational requirements. Name both this number as well as one of Pri-Med's current course titles.

### Excalibur Medical Education

Throughout the 1980s, the San Diego/Los Angeles Clippers masqueraded as an NBA team, losing a whopping 564 games and never qualifying for the playoffs. Excalibur Medical Education is currently featuring a course where what disease "masquerades" as a similar malady?

### Vindico Medical Education

Martina Navratilova and Chris Evert had one of the epic rivalries of the 1980s on the tennis court (and were good friends off the court, too). They were simply a "level up" on the competition. Name the upcoming live Vindico activity that will allow you to "level up" your knowledge in an in-person and virtual symposium.

### That's Life

#### CME Outfitters

The 80s was the decade of padded-shoulder power suits, neon colors, and acid-wash jeans (is it a coincidence this clue is about CME Outfitters?) What current CME Outfitters “snack” challenges learners to learn about the changing faces (but not the changing clothes) of a set of genetic disorders?

#### Answers in CME

No more Jazzercise (we miss Jane Fonda). Now, it’s all about those fancy new weight loss medicines. Name an Answers in CME activity that focuses on the drug class that includes Wegovy and Ozempic?

#### infograph-ed

By 1982, the unemployment rate in the United States had reached 10.2%. Things aren’t quite so dire right now, but for those folks looking for employment, perhaps they should consider this current position posted on the infograph-ed website.

#### Academy for Continued Healthcare Learning (ACHL)

Everyone had a Rubik’s cube in the ‘80s (never solved mine – oh well). Name the current ACHL activity whose thumbnail image includes seemingly all of the square colors of our famous Cube (hint: it’s an oncology-focused activity).

### Wild Card

#### Global Education Group

One of the most popular catchphrases of the 1980s was “Where’s the Beef?” Global Education Group opted for “It’s Finally Here” to announce their release of which document in February 2026?

#### Bonum Continuing Education

Launched in the 1970s, Monday Night Football became entrenched as a part of American sporting culture in the ‘80s. Bonum Continuing Education has started its new Monday night trend in the 2020s with its Monday Night IBD series. Who is the program chair of this series?

#### Integritas Communications

*Late Night with David Letterman* premiered in 1982 and quickly gained a cult following in no small part due to his Top 10 lists. What current Integritas Communications activities features a similar sort of Top 10 list?

#### Talem Health

I like to think that Lisa Turtle of *Saved by the Bell* fame (premiered in 1989) would have killed it on social media. Talem Health’s most recent Facebook post focuses on education targeting which disease state?
